The Parish Council surveyed the community in 2017 and 2019. This has been the basis of the project planning. Public consultation costs up to £1000 and has to be done via house delivery due to not all everyone having internet provision, this money comes out of the project budget.

The public consultation for the whole project was due to be released once we were in receipt of all the associated documentation facts and costings. The use of social media by certain individuals has led to the community being supplied with false and misleading information.

This EGM is being held to be an information platform to how the project is proceeding, how the decision making works and factors that need to be considered.
